The Church Planting and Revitalization major is designed to train students to plant, revitalize, and contextualize Pentecostal churches in partnership with Assemblies of God districts, sections, and churches. During this program of studies students will engage significant field ministry experiences.

Upon completion of this program students should be able to:

1. Assess a community socially, economically, politically, and spiritually in order to determine the needs of a community including its existing churches and the potential need for new ones, and relevantly address those needs.
2. Develop outcome-oriented strategic planning skills to manage change from conception to completion in the church planting and revitalization processes, utilizing management principles that respect biblical stewardship.
3. Follow the appropriate steps within the parameters of denomination and incorporation processes to create and plant a church entity.

Church Planting and Revitalization *continued*
